Professional Summary

Computer Science undergraduate (2027) with strong foundation in Data Structures, full-stack development, and GenAI-based applications. Experienced in building scalable projects using React, Next.js, and backend systems, with hands-on exposure to production environments and real-world problem solving.

Education

Techno International Newtown B.Tech. in Computer Science and Engineering (2023 – 2027) Present

Swami Pranavananda Vidyapith Class XII (WBCHSE) 2023 | 89.1%

Bidhannagar Municipal School Class X (WBBSE) 2021 | 85.7%

Skills

- Languages: C++, Java, Python, JavaScript
- Frontend: React, Next.js, Tailwind CSS, React Native
- Backend & APIs: Node.js, Flask, Convex
- Databases & Auth: Firebase, Clerk
- AI / GenAI: Retrieval-Augmented Generation (RAG), LLM Integration, Prompt Engineering
- Tools & Platforms: Docker, Git, Figma
- Core Concepts: Data Structures & Algorithms, OOP, DBMS, OS

Projects

SaaS AI Application

- Built full-stack SaaS app using Next.js, React, Tailwind, Convex; integrated Clerk auth
- Implemented LLM-based features with prompt engineering for dynamic user interactions

GenAI Full Stack Application

- Developed GenAI app with RAG pipeline for improved response accuracy
- Built frontend (Next.js) and backend APIs for real-time processing

GPT from Scratch

- Implemented transformer-based GPT model using Python (attention, embeddings, tokenization)
- Strengthened understanding of LLM architecture and training pipeline

SkinOAI – Skin Disease Detection App

- **Built React Native app with custom CV model (Roboflow) for disease detection**
- **Integrated Gemini API for analysis, precautions, and doctor support**

Internships

Web Development Intern – Prodigy Infotech

- Built basic React-based frontend applications and reusable UI components

Content Writing Intern – Earth5R

- Wrote AI/ML and sustainability articles, simplifying technical concepts

Nuxt Developer Intern – RedCat Pictures (9 months)

- Developed production-level web apps using Nuxt.js and optimized frontend performance
- Implemented live streaming feature on official website
- Worked with Git workflows and Docker in development and deployment

Certifications

- Smart India Hackathon (SIH) 2025 (Internal Round)
- ISRO Bharatiya Antariksh Hackathon 2025
- GDG Solution Challenge (Google Developer Groups)

Achievements

- 17th Rank in State-Level Chess Championship Calcutta Chess Academy
- 3rd Rank West Bengal Science Talent Competition
